

Kaiser-Manitou Beach Banding Station

Home to the Braddock Bay Bird Observatory

10 acres | Braddocks Ave | Greece, NY

Please note:

The Braddock Bay Bird Observatory conducts scientific research on the Manitou Beach Banding Station property during the spring (April 15 - June 8) and fall (August 15 - October 15). During these time periods, the general public must stop by the Observatory building for a guided tour of the property.

0 50 100 150 200 Feet
